

Dear Friend,

Thank you for attending our graduation program. Please consider continuing the journey of training teachers with us as we prepare for our 2nd cohort. We have seen the need to continue this program for numerous reasons:

1. Liberia has a continued great need for professional trained teachers.
2. Many schools including private and mission do not have the opportunity to take advantage of the LTTP In-service training, therefore, there is a higher rate of untrained teachers in many schools.
3. This program enables the trainees to keep their teaching jobs while becoming qualified.
4. The Ministry of Education is encouraging us to continue the program.

Our projected number of trainees for the next training section is 105 from four different counties of Liberia. We will have three administrative staff members, four trainers, cluster leaders, and teachers from abroad.

Please fill out both sides of this pledge card with your contact and donation information and leave in the donation box.
